# About us

## **Namaste !**

Pushpam Group with its strong market experience of four decades starts a new beverage manufacturing unit namely Pushpam Foods & Beverages Pvt. Ltd. at Nandur, Pune.

Pushpam Foods & Beverages Pvt. Ltd. has a first of its kind set-up in India, that offers both carbonated and non-carbonated beverages packed in aluminium cans and PET bottles. This state-of-art plant is FSSC 22000 certified and is located 40 km from Pune city in Maharashtra State.

This fully automated line has commenced manufacturing of various products from November 2009.

Pushpam offers complete range of services for the market entrants as well as established brand owners. Pushpam has a strong product development team that can transform your concept of a beverage to a ready product. The services include new product development, sourcing & complete product manufacturing assistance

## **Vision**

At Pushpam, we believe everyone should have access to quality. We promise to deliver high reliability and a responsible attitude to our customers.

## **Mission**

Our main purpose of existence, simply put, reads 'quality without compromise'. We strive to be perceptive and understand the customer's needs before he does, and deliver.

Quality

Pushpam has a simple quality objective: To deliver products and solutions which consistently meet our customers needs and expectations in the most effective way.

In pursuit of this objective, Pushpam has implemented a quality management system in accordance with FSSC 22000 throughout its organization integrated into manufacturing line, designed to constantly improve quality and value of our product offering. This comprehensive Quality Management System addresses all areas of operation – from internal staff training to product manufacturing, handling and packaging.

Pushpam offers impeccable hygiene and clean environment to maintain the high quality standards and shelf life of the end product.
